Mr John H. Fisher

Dear Sir:

I am in receipt of your letter of Jan. 23 asking about playing with The Eagles for the coming season. You said one of our pitchers Jimmy Hill had told you to write.

It is impossible to take every ball player who write you to camp, but when one comes recommended by someone you know you feel more like taking the gamble. Do you know anyone else you could give me the name of who I could write to and find out about you. How old are you? How long have you been playing? What is your height and weight? What other team or teams have you played with?

I will be glad to hear from you again. In the meantime I will write to Hill. If you should see him tell him to write to me.

Very Truly Yours
